same-window denominator

governance-blind
(all-history)

0.56% X

320/56,822

3.80% X

2,161/56,822

the all-history denominator (56,822) is blind to the as-of window; at T_2 the governed answer is not a number at all — yet 6/8 evaluated LLM arms answered
